

# CW CEMENT & SOLID FUEL SUMMIT MIDDLE EAST AND AFRICA 2022

November 29-30, 2022 • Dubai

EARLY BIRD DISCOUNT  
BEFORE OCTOBER 1ST, 2022

## EXECUTIVE WORKSHOP DEVELOPING COMPETITIVE OPPORTUNITIES IN A COMPLEX MARKET

### ABOUT THE EXECUTIVE WORKSHOP

The 2022 edition of CW Group's Dubai Executive Workshop brings together a unique format for the senior-most executives in the cement and solid fuel sectors to participate in a small-group, dynamic roundtable to review the latest market analysis and engage in multiple discussions regarding post-Covid outlooks, from leading global advisory and research firm, CW Group.

The meeting is hosted by CW Group's Managing Director, joined by several of the team's cement and solid fuel sector analysts, providing a unique opportunity to meet and discuss materials first-hand with the CW consulting and research team.

Participants are provided tangible information and data that is normally only available for CW Advisory in the form of projects or CW Research in the form of syndicated industry reports.

The presence of top-level executives from both cement and solid fuel sectors creates a unique opportunity for these decision makers to engage not only in discussions on strategic and operational challenges. The Summit will be an excellent opportunity for the cement companies and their executive, supply chain and procurement / materials professionals to meet suppliers and strike new deals.

The CW Group's Dubai Executive Workshop will provide an opportunity to meet with industry leaders, reach beyond cement into the critical solid fuels domain, and also hear from selected invited "guest-speakers" to complement the CW team with specific topics of interest.

### WHY ATTEND?

- **Interact with CW:** Gain first hand access to senior CW consultants and analysts
- **Receive Data:** Leave with actual, systematic information – not just talk
- **Post Covid-19 discussions:** Receive the latest intelligence and forecasts
- **Obtain insights:** Obtain the latest industry data and statistics from the CW Research team
- **Discuss, not just listen:** Discuss and review information in a multi-client setting
- **Personal discussions:** small group meeting, with key decision makers in the Middle East and North Africa cement and solid fuels industries
- **Relevant topics:** Address topics that will tackle the most pressing issues affecting your day-to-day operations
- Discuss how low carbon cement can help the global industry reduce its impact on the environment
- Analyze how a circular economy approach may help companies reduce their carbon footprint
- Assess green construction opportunities for companies across the supply chain
- Discussions on innovative technologies including Carbon Capture Storage and Use (CCSU) and their adoption

# CW CEMENT & SOLID FUEL SUMMIT 2022 MIDDLE EAST AND AFRICA
